

SEVART GALLERY LUXE COLLECTION

Illuminated Mineral Artworks for Luxury Interiors

SEVARTGALLERY

About

Sevdie Redzhebova is a contemporary artist creating illuminated, sculptural artworks that explore the intersection of light, texture, and spatial experience. Her work is inspired by natural formations such as stone, mineral layers, and organic flow, reinterpreted through a refined, modern lens. Each piece is designed as a unique statement object, merging art and atmosphere, and transforming interiors into immersive environments.

Designed for Hospitality Interiors

Each artwork is individually crafted using layered materials, hand-finished textures, and integrated LED illumination. The result is a dynamic surface that changes with light, creating depth, warmth, and a subtle sense of movement.

Bespoke Design & Custom Projects

Sev Art Gallery offers custom-made illuminated artworks created specifically for interior design and hospitality projects. Customization options include:

- Custom dimensions and formats
- Choice of mineral stones and textures
- Adjustable LED color temperature
- Integration with architectural concepts
- Collaboration with interior designers and architects

Our goal is to create unique pieces that function as signature design elements within sophisticated interiors.

Aurora Geode Triptych

Luminous Earth Collection

Mixed Media / Contemporary Art

Aurora Geode Triptych is a contemporary wall composition inspired by natural mineral formations. Crafted with natural quartz and citrine, enhanced with integrated LED lighting that creates a warm luminous effect. Designed for luxury interiors and high-end spaces. Each piece is unique and handcrafted.

Artist: Sevdie Redzhebova

Year: 2025

Medium: Epoxy, natural quartz, citrine, integrated LED

Dimensions: 160 × 60 cm (each panel)

Origin: Netherlands

Production: Made to order, lead time 5–7 weeks

Golden Geode

Luminous Earth Collection

Mixed Media / Contemporary Art

Golden Geode is a striking contemporary wall artwork inspired by natural geode formations. Crafted with natural quartz and citrine, the piece is enhanced by integrated LED lighting that emphasizes its crystalline texture and creates a warm, radiant glow. Designed as a statement piece, it brings depth, elegance, and a luxurious atmosphere to high-end residential and hospitality interiors. Each piece is unique and handcrafted.

Artist: Sevdie Redzhebova

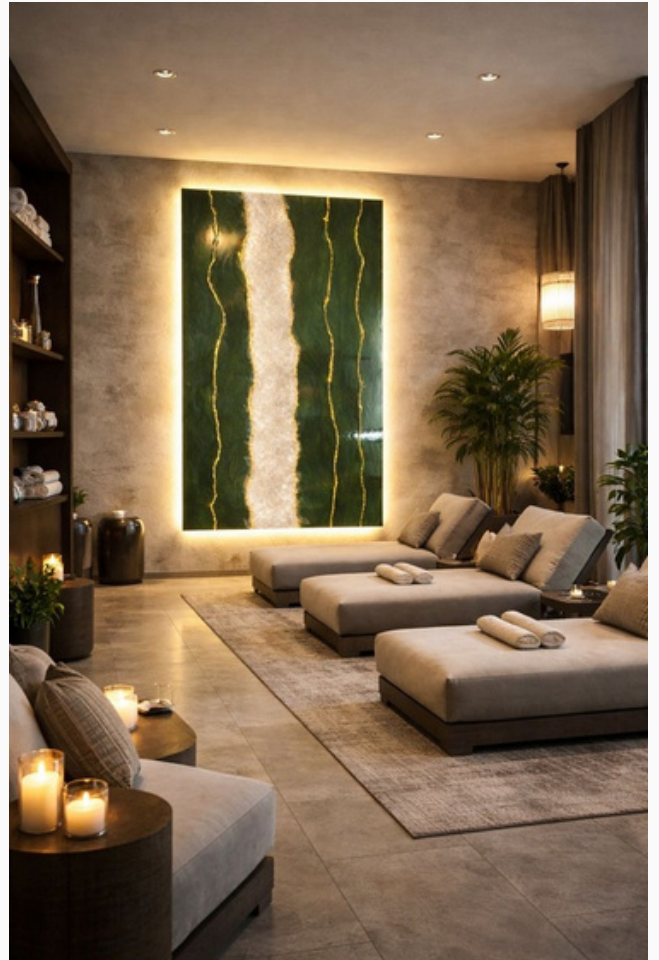

Title: Golden Geode

Year: 2025

Origin: Netherlands

Production: Made to order, lead time 5–7 weeks

Emerald River

Mixed Media / Contemporary Art

A luminous stream of natural quartz flowing through deep emerald textures, bringing light, depth and harmony to sophisticated interiors.

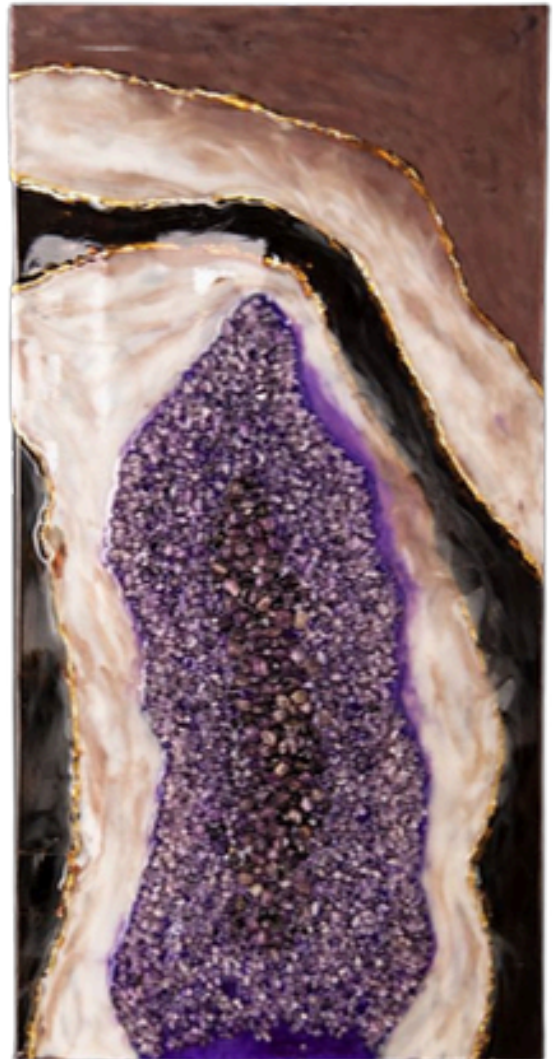

Medium: Natural Quartz & Epoxy Resin

Lighting: Integrated LED illumination

Application: Luxury interiors, hotel lobby, spa and hospitality spaces

Dimensions: 120 × 60 cm

VIOLET HALO

Mixed Media / Contemporary Art

Violet Halo is a refined contemporary wall artwork crafted from natural amethyst and quartz, set in high-gloss epoxy resin. The deep violet tones create a striking contrast with luminous quartz, while integrated LED lighting enhances the crystalline structure and produces a soft halo glow. Designed as a statement piece, it adds elegance, depth, and a luxurious atmosphere to high-end interiors. Each piece is unique and handcrafted.

Artist: Sevdie Redzhebova

Title: Violet Halo

Year: 2025

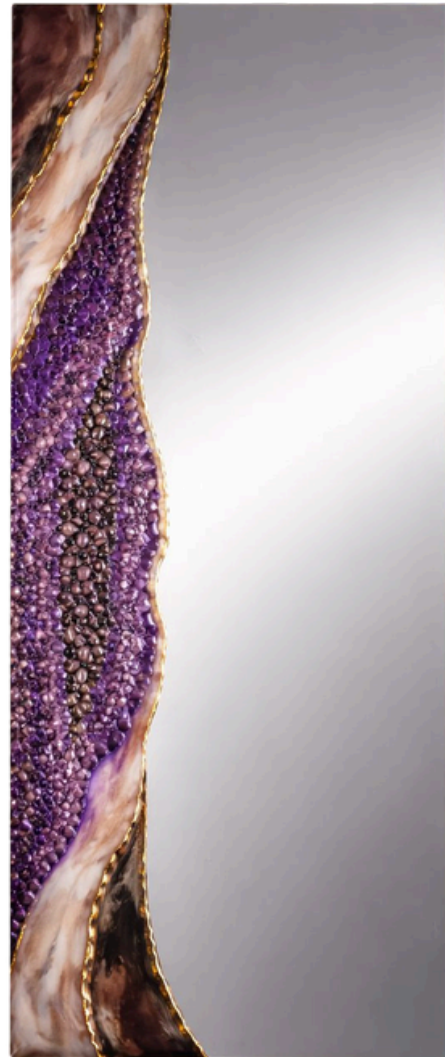

Medium: Natural amethyst, natural quartz, high-gloss epoxy resin, integrated LED lighting

Dimensions: 120 x 60 cm

Origin: Netherlands

Production: Available, ready for delivery

VIOLET EDGE

Mixed Media / Contemporary Art

Violet Edge is an illuminated amethyst mirror panel that combines natural amethyst with a clean vertical mirror surface, creating a refined contrast between texture and reflection. Encapsulated in transparent epoxy and enhanced by concealed rear LED lighting, the piece produces a soft halo effect that adds depth and architectural presence to contemporary interiors.

Medium: Natural amethyst stone, Integrated mirror surface, Transparent epoxy detailing, Rear-edge concealed LED lighting

Dimensions: 160 x 60 cm

Midnight River

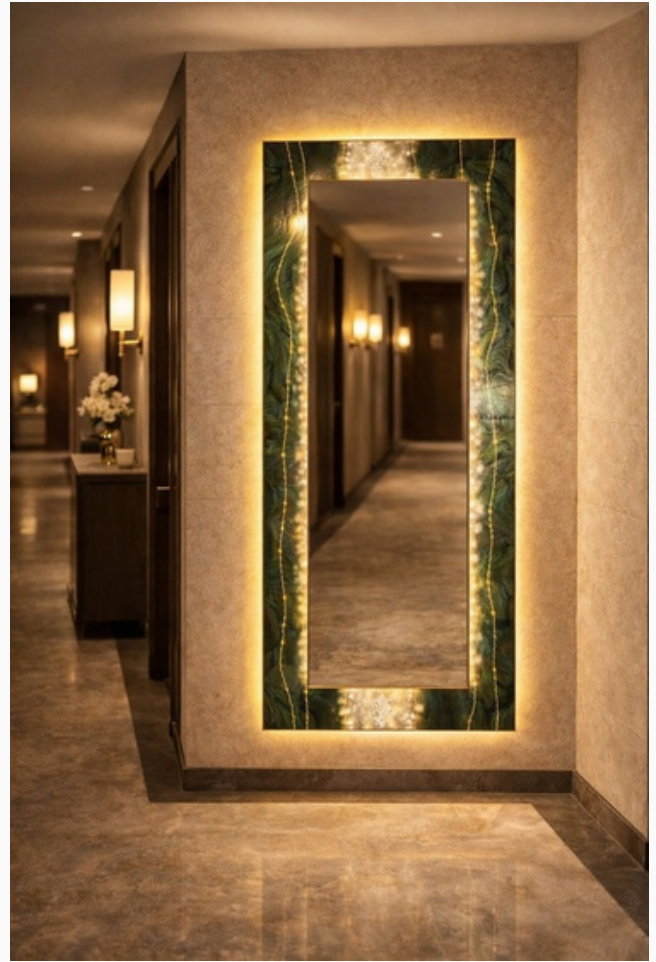

Mixed Media / Contemporary Art

Handcrafted wall panel made with natural stones, epoxy resin and LED lighting. The black marble texture and golden light line create a strong and luxurious visual effect. Designed as a statement piece for villas, hotels and spa interiors.

Medium: Natural Stone – Epoxy Resin – LED Lighting

Note: Each piece is unique and can be produced in custom sizes.

Emerald Aura Mirror

Mixed Media / Contemporary Art

A luminous mirror crafted from natural quartz, epoxy and soft LED light, designed to bring elegance and atmosphere to refined interiors.

Medium: Natural Quartz Stone, Epoxy Resin

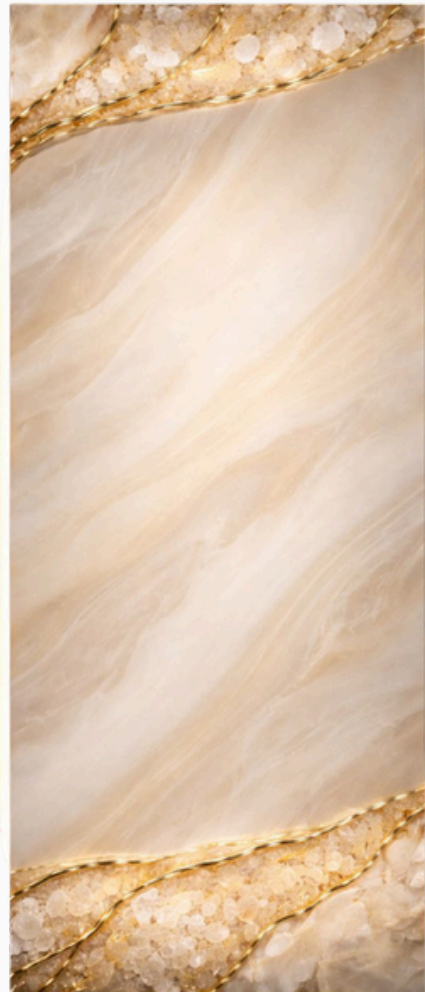

Lighting: Integrated LED illumination

Application: Luxury hotel interiors, spa & wellness areas, suites and contemporary residences.

Control: Touch sensor with three light modes (Warm / Neutral / Cool)

Dimensions: 160 × 60 cm

QUARTZ LINE

Mixed Media / Contemporary Art

Quartz Line is defined by clarity, balance, and material honesty, featuring natural quartz preserved within a high-gloss transparent epoxy surface that highlights its texture and subtle tonal variations. The clean, restrained composition emphasizes light, proportion, and depth, while concealed rear LED lighting creates a soft halo effect that adds quiet architectural presence without overpowering the space, making it a seamless addition to contemporary, refined interiors.

Medium: Natural quartz, Transparent epoxy finish, Rear-edge concealed LED lighting

Dimensions: 120 x 60 cm

Quartz Horizon

Mixed Media / Contemporary Art

Contemporary mineral artwork exploring balance, texture, and light. Natural quartz and agate are enhanced with gold accents and soft LED illumination, creating a refined and atmospheric presence for luxury interiors.

Artist: Sevdie Redzhebova

Year: 2025

Medium: Natural quartz, cherry blossom agate, epoxy resin, integrated LED, gold leaf

Dimensions: 120 × 60 cm

Origin: Netherlands

Production: Available, ready for delivery

Elyra

Contemporary Design

Sculptural illuminated mirror combining natural citrine crystals with soft LED lighting. Designed to enhance light, depth, and atmosphere, creating a refined focal point for luxury interiors.

Artist: Sevdie Redzhebova

Year: 2025

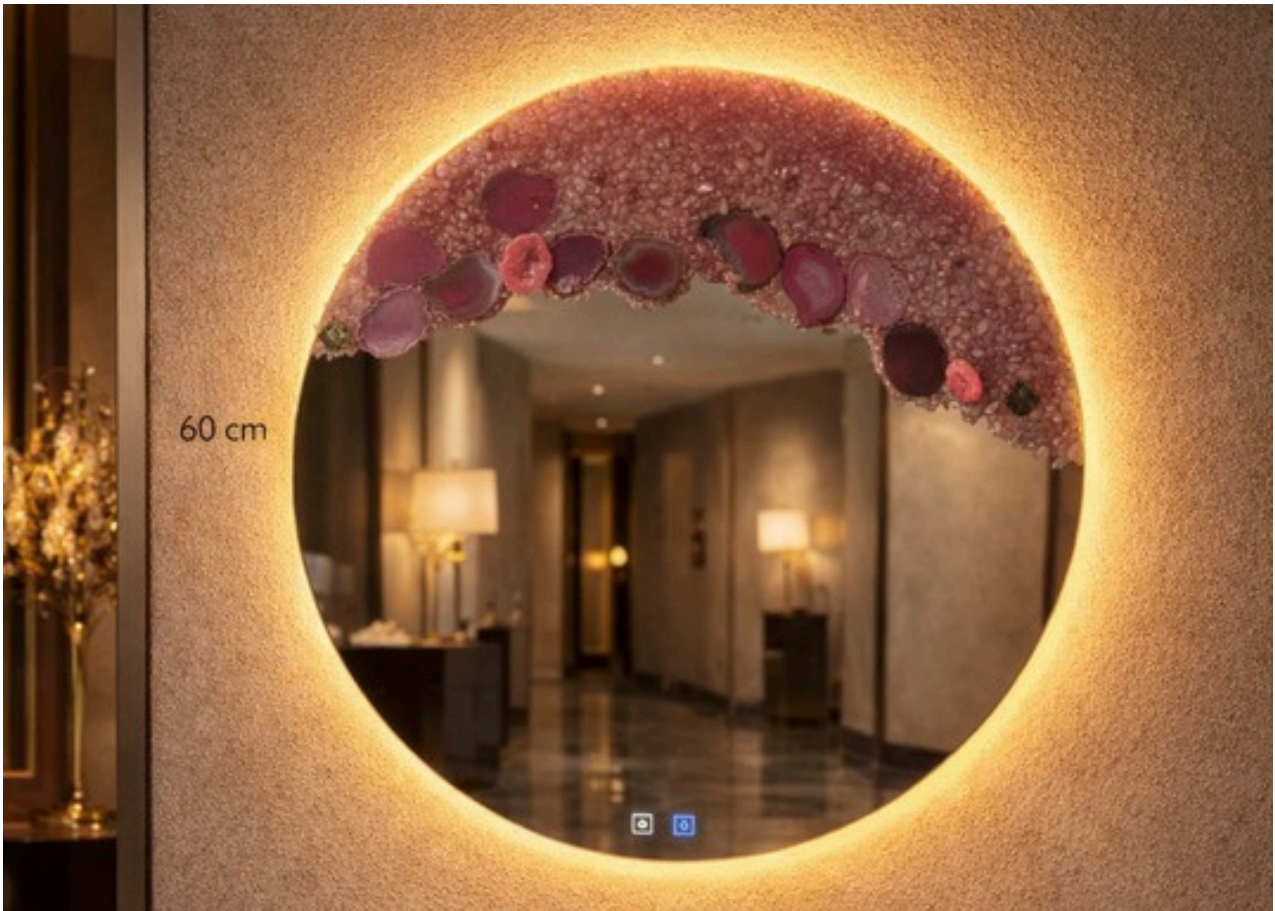

Medium: Mirror glass, citrine crystals, epoxy resin, integrated LED

Dimensions: 160 × 60 × 4 cm

Origin: Netherlands

Production: Available, ready for delivery

Crystal Rose

Contemporary Design

Illuminated mirror featuring natural quartz and white agate in soft pink tones. Integrated LED lighting creates a warm, elegant glow, adding a refined and calm presence to luxury interiors.

Artist: Sevdie Redzhebova

Year: 2025

Medium: Mirror glass, natural quartz, white agate, epoxy resin, integrated LED

Dimensions: Ø 60 cm

Origin: Netherlands

Production: Available, ready for delivery

LUMINA QUARTZ

Mixed Media / Contemporary Art

Lumina Quartz combines natural quartz textures with a clean mirror surface, creating a refined balance between light and material. Encased in transparent epoxy and enhanced with concealed rear LED lighting, the panel produces a soft halo effect that adds depth and architectural presence, resulting in a piece that is pure, elegant, and timeless.

Medium: Natural quartz stone, Integrated mirror surface, Transparent epoxy finish, Concealed rear-edge LED lighting

Dimensions: 160 × 60 cm
